

Do you dream of your child facing the future **life-ready**,

purpose driven, well-rounded and skills-equipped?

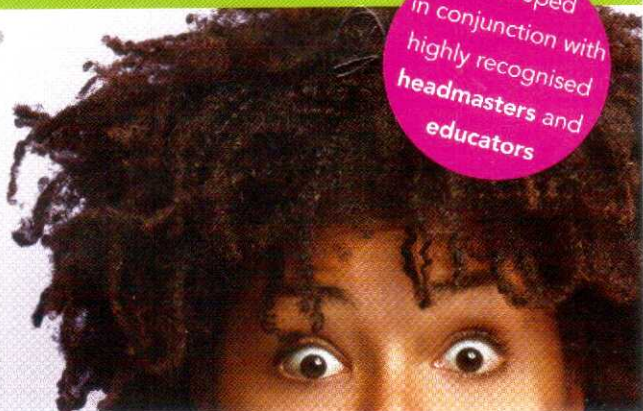

Do you ask
yourself:

- Does my child have a **life goal**?
- Does my child have a clear picture of what **career** is most suited, where to **study** and what **subjects** to choose?

Do you have the ability to teach your child
the **essential skills** like:

- Emotional intelligence
- Critical thinking
- Fact-based decision making
- Optimal study methods
- Problem solving
- Leadership development
- Basic law
- Set and pursue life goals
and many other critical skills

Developed
in conjunction with
highly recognised
**headmasters and
educators**

Here is the solution! Let EDUvelopment help you and your child:

- Agree on the most suitable career path.
- Ensure that the correct career and subject choices are made, based on regular assessment.
- Equip your child with essential skills needed in life after school.

Entries open December 2020!
